Yarning Circle mat

To assist with the incorporation of Aboriginal studies into our curriculum, the school recently purchased a Yarning Circle mat to add to our Aboriginal resources. A similar mat was used by Leon Ridgeway and Sharon Cooke from the Bunbury Education Office at a recent Professional Day called ‘Connecting the Dots’ our staff attended at the start of this term. The mat promoted discussion on the day, and an understanding of the importance of storytelling within Aboriginal culture.

Our mat is currently in the Year Three classroom where it provides a central area for the students to come together to discuss and work. Please take a look when you have a moment.
